

Dear Ladies and Gentlemen

We are proud that we can present you our **new** website

www.pinova.ch

Via the new feature "Downloads" you can download Material Safety Data Sheets. If you want to make use of this service, you need to login. Login data can be requested over our website.

With the above login data, you can use our new WEB-DAV feature as well. WEB-DAV is a tool which enables an exchange of large data volumes between you and Pinova in both directions.

We hope that we made our site with the new design and tools so attractive to you, that you visit it more often than in the past...

Pnews – the helpful Pinova-Newsletter

We recognized from customer requests that it is time to inform you more frequently about new products and general technical information in relation to colorants and tinting systems - **Pnews** should fulfil these needs...

European Coatings Show - Nürnberg, Germany March 31 - April 2, 2009

Would you like to discover new facts that make your tinting requirements for coatings a lot easier and profit of the occasion to win an attractive designer watch made by Carl F. Bucherer?

Are you interested? It is not too late...

We are looking forward to see you on the ECS in Nürnberg - **hall 7/booth 444...**
